

AstraZeneca is a major international healthcare business engaged in research, development, manufacturing and marketing of prescription pharmaceuticals and supplier for healthcare services. AstraZeneca is one of the world's leading pharmaceutical companies with healthcare sales of US \$29.55 billion and is a leader in gastrointestinal, cardiovascular, neuroscience, respiratory, oncology and infection product sales.

AZ has an experienced, in-house team of over 600 pre-clinical experts and approximately 500 clinical drug safety professionals working across AstraZeneca and dedicated to the task of ensuring that we meet our commitment to drug safety. The area of SBMs is highly prioritized within the company. AZ will contribute to the project with broad experience from drug R&D, safety biomarker discovery and qualification, biomarker candidate assays and technologies and clinical samples.
